2. STATEMENT OF WORK/SPECIFICATIONS (ELECTRICITY) (RENEWABLE ENERGY CERTIFICATES)

(a) **STATEMENT OF WORK.** The Government is seeking the purchase of RECs for the facilities listed in Clause B1.08-1, SUPPLIES TO BE FURNISHED (ELECTRICITY)(RENEWABLE ENERGY CERTIFICATES). For the purposes of this solicitation, **renewable** is defined per Executive Order 13123, as solar, wind, geothermal and biomass. Natural gas, hydroelectric and nuclear power are excluded. In addition, municipal waste incineration and waste tire incineration **are not** acceptable sources. All offerors must provide RECs that meet the requirements for being 100% "new" resources. The term **new** is defined to include any eligible renewable facilities beginning operation after 1 April 2001 for the state of Georgia, and 1 January 1999 for all other states, or re-powered after this date. Green-e certification or an equivalent accreditation, including strict adherence to the Green-e Code of Conduct, is required for this contract, including the provision of an annual report, containing the following documents:

- (1) An affidavit attesting to the product content for the past calendar year.
- (2) An affidavit indicating that:
 - (i.) The offeror has not sold the renewable power twice (as either a renewable power product or as an REC product), and in the case of a reseller that purchases a wholesale product for retail sale, reasonable measures are taken to ensure that suppliers also do not sell renewable power more than once;
 - (ii.) All environmental attributes, including any attendant emission credits convey to the purchaser;
 - (iii.) The offeror has not sold any emission allowances/credits, or other environmental attributes associated with renewable power/RECs, and
 - (iv.) The renewable power/REC that is used to fulfill the requirements of this solicitation are also not being used to meet any federal, state, or local renewable energy requirement, renewable energy procurement, renewable portfolio standard, or other renewable energy mandate.
- (3) Air emission documentation using Green-e's adopted algorithms (or some other credible source)

such as EPA or local air district reports).

The Annual Report shall be submitted to the address specified in 2e below no later than 30 days after completion of the first and each subsequent contract year. The initial Annual Report is due no later than March 30, 2005.

(b) **INVOICE AND PAYMENT.** All invoicing shall be based on the total amount of RECs transferred to the Government on a quarterly basis. Invoices shall be submitted no earlier than the end of each contract quarter. Invoices received prior to the end of each contract quarter will not be paid until that quarter is completed. The Contractor may only invoice for the amount of RECs transferred by the end of each quarter. A true-up period will commence at the end of each contract year to ensure total quantity generated in that year matches the contract requirements. Only charges allowed under the terms and conditions of the contract will be paid. In addition to the invoice, a Renewable Energy Certificate Notification (Attachment V), and the Green-e Attestation Forms (Attachment VI) completed by both the REC Supplier and the generator, shall be submitted.

(2) **Data Universal Numbering Systems (DUNS) number** means the 9-digit number assigned by Dun and Bradstreet Information Services to identify unique business entities.

(3) **Data Universal Numbering System + 4 (DUNS+4) number** means the DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned at the discretion of the parent business concern for such purposes as identifying subunits or affiliates of the parent business concern.

(b) (1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation, except for awards to foreign vendors for work to be performed outside the United States.

(2) The offeror shall provide its DUNS or, if applicable, its DUNS+4 number with its offer, which will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(3) Lack of registration in the CCR database will make an offeror ineligible for award.

(4) DoD has established a goal of registering an applicant in the CCR database within 48 hours after receipt of a complete and accurate application via the Internet. However, registration of an applicant submitting an application through a method other than the Internet may take up to 30 days. (c) The Contractor is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to confirm on an annual basis that its information in the CCR database is accurate and complete.

(d) Offerors and contractors may obtain information on registration and annual confirmation requirements by calling **1-888-227-2423** or via the Internet at **<http://www.ccr.gov>**.

PART II (INSTRUCTIONS AND EVALUATION)

1. INSTRUCTIONS TO OFFERORS (ELECTRICITY) (RENEWABLE ENERGY CERTIFICATES)

(a) **OFFEROR'S PROPOSAL.**

(1) An offeror must propose to supply the total line item quantity for the line item(s) identified in the Schedule. Failure to offer the total line item quantity will preclude Government evaluation and award to the offeror for the line item(s). If an offeror chooses to submit more than one offer, it may do so by submitting a separate price submittal for each.

(2) **PART I - EXECUTED RFP.** The original Part I shall contain original signatures. The executed RFP shall consist of the following:

(i) Standard Form 1449, Solicitation, Contract, Order for Commercial Items, with Blocks 17, and 30A through 30C completed. By completing Blocks 30A through 30C the offeror agrees to the terms and conditions of the RFP.

(ii) The Offeror Representations and Certifications.

(iii) Completed Attachment III, Pricing.

(iv) **FACSIMILE PROPOSALS** Pursuant to the FACSIMILE PROPOSALS provision, the offeror must submit a hard copy of the original signed offer, which must be received within 3 working days of the opening/closing date.

(3) **PART II – TECHNICAL PROPOSAL SUBMISSION.** To substantiate meeting general and special responsibility criteria and the evaluation criteria stated in the RFP, the offeror shall submit the following:

(i) A description of how the offeror intends to supply (supply plan) the RECs required by this solicitation. The supply plan (Attachment I) must include the power source (type of REC), location of source facility, a listing of the renewable electrical generation capacity and the date the capacity came into service, which will satisfy the requirements of meeting "new" sources as outlined in Part I, (2)(a); and

(ii) A plan that will describe the verification method to be used, Green-e or its equivalent. A copy of the most recent certification report shall be provided to the Government to verify conformance with the Green-e or equivalent requirements.

(4) **PART III - PAST PERFORMANCE.** Information collected in the Experience with Customers form (Attachment II) will be used to contact offeror's customers and inquire about the offeror's past performance. By submitting this form, the offeror agrees to permit the Government's representatives to contact the customers listed and inquire about the past performance of the offeror. Offerors are cautioned to submit accessible references. References that cannot be contacted and/or verified will not be considered. The offeror will be given an opportunity to address unfavorable reports of past performance, and the offeror's response, or lack thereof, will be taken into consideration. The offeror's recent contracts will be examined to ensure that corrective measures have been put in place to prevent the recurrence of past performance problems. Prompt actions taken by the offeror to correct performance problems will be a reflection of management concern for customer satisfaction. However, such action may not mitigate all negative performance trends. Other past performance data available to the Government will be used in the evaluation of past performance. In addition to the Experience with Customers form, Attachment II, describe any past efforts to subcontract with small businesses and/or Historically Black Colleges and Universities/Minority Institutions. Include, for past efforts (within 3 years of the closing date of this solicitation), a statement identifying highly successful efforts or any regulatory or subcontracting plan noncompliance.

(5) **PART IV - SOCIOECONOMIC PROPOSAL**

(a) Offerors shall submit a plan that demonstrates their commitment to providing subcontracting opportunities to small businesses and Historically Black Colleges/Universities and Minority Institutions (HBCUs/MIs). All offerors regardless of business size are required to provide socioeconomic commitment. Small businesses will be credited for the dollar value/percentage of the work they perform as if the work were subcontracted to a small business concern. Work performed by a small business in-house shall be identified in the socioeconomic plan.

(b) As part of the plan, the offeror shall include--

- (1) A description of the efforts the company will make to ensure that small businesses and/or HBCUs/MIs will have equal opportunity to compete for subcontracts under any resulting contract.
- (2) A description of the offeror's current and planned proposed range for services, supplies, and any other support that will be provided by small businesses and/or HBCUs/MIs.
- (3) The specific names of subcontractors to the extent they are known.
- (4) A description of any future plans the company has for developing additional subcontracting opportunities for small businesses and/or HBCUs/MIs during the contract period.
- (5) Identification of the portion of the offeror's proposal, as a percentage of dollars, that will be subcontracted to small businesses and/or HBCUs/MIs.
- (6) The type of performance data the offeror would accumulate and provide to the Contracting Officer regarding their support of small businesses and/or HBCUs/MIs during the period of contract performance.
- (7) The name and title of the individual principally responsible for ensuring company support to

such firms.

(6) **PART V - COMMERCIAL SUBCONTRACTING PLAN.** The Contractor shall submit a Commercial Subcontracting Plan in accordance with FAR Part 19.704 (see Attachment IV).

(DESC 52.215-9F67)
L805 (DESC AUG 2003)

2. EVALUATION – COMMERCIAL ITEMS (ELECTRICITY) (RENEWABLE ENERGY CERTIFICATES)

- (a) The Government intends to award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used in the evaluation of offers:
1. Price, location of Source Facility being the primary component
 2. Past Performance
 3. Socioeconomic Proposal

Price is substantially more important than both Past Performance and the Socioeconomic Proposal. Past Performance is substantially more important than the Socioeconomic Proposal.

- (b) Location of source facility is a significant evaluation factor and is reflected in price. The type of renewable energy being offered **must be sourced in one of the following states**: North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Tennessee or Kentucky.

The following table shows the assessment factor percent that will be utilized to increase the offered cents/kWh price based on the location of the source facility, for evaluation purposes only. The assessment factor is based on Zones.

Athens Regional Laboratory, Athens, Georgia
Atlanta Federal Center-Regional Office, Atlanta, Georgia

<u>Applicable Zone</u>	<u>Location of Source Facility</u>	<u>Assessment Factor</u>
Zone 1	Within Georgia State	0
Zone 2	North Carolina, South Carolina, Florida, Alabama, Mississippi, Tennessee or Kentucky	20%

- (c) The Government could possibly award more than one contract dependant upon the evaluation of the line item(s), i.e. one contract for Atlanta Federal Center and one for Athens Regional Laboratory.

- (d) The relative merits of the Socioeconomic Proposal will be evaluated based on the degree to which an offeror's proposal demonstrates the commitment to use, in performance of the offered requirements, small businesses and/or Historically Black Colleges/Universities or Minority Institutions (HBCUs/MIs).

NOTE: The offeror's proposals for socioeconomic support will be made a part of any resulting contract for use in determining how well the Contractor has adhered to its socioeconomic plan. This plan will be monitored by the DESC Small Business Office as a means of assisting the Contracting Officer in determining how well the Contractor has in fact performed. This determination will then be used as a consideration in future source selection decisions. Performance on prior contracts in subcontracting with and assisting small businesses and HBCUs/MIs will be part of past performance evaluation.

3. AUTHORIZED NEGOTIATORS (DESC JAN 1998)

The first page of the offer must show names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate with the Government on the offeror's behalf in connection with this solicitation. The offeror or quoter represents that the following persons are authorized to negotiate on its behalf with the Government in connection with this request for proposals or quotations.
